

JALAN GENTING HIGHLANDS: TRIAL RUN OF THE ROAD CHARGE SYSTEM

EFFECTIVE 2 APRIL 2026

Please be advised that effective 2 April 2026, Lingkaran Cekap Sdn Bhd (“LCSB”), the authorised road operator for Jalan Genting Highlands, responsible for the full spectrum of road management and maintenance activities, will be conducting a trial run of the road charge system at the following locations:

- (i) Genting Highlands Entry at Genting Sempah
- (ii) Gohtong Jaya Entry at the Gohtong Jaya roundabout

During the testing period, no payment will be imposed for using Jalan Genting Highlands. However, permitted road users are still required to tap their payment cards (Touch ‘n Go or debit/credit cards) at each gantry for testing purposes when passing through. All vehicles should continue to follow the Rules & Regulations on Usage of the Genting Roads, along with any additional requirements introduced from time to time. This ensures smooth operations and safe access for everyone.

The trial is intended to test the functionality and smooth operations of the road charge system before its full implementation. It supports LCSB’s commitment to maintaining safe, reliable, and uninterrupted passage for permitted users to Resorts World Genting and attractions, and the surrounding Genting Highlands area.

For regular updates, please refer to our official website at www.lingkarancekap.com.

We appreciate your cooperation and understanding during this trial run.
